Volunteering Opportunity: Telephone Interviewer

in my own words...

I volunteered with volunteer centre borders as a telephone interviewer which involved contacting volunteers registered with VCB to speak to them and ask them about their volunteering placement.

I enjoyed this experience as I liked hearing about the volunteer's experiences and how they felt about what they were doing. It was good to be able to ask them if there was anything that volunteer centre borders could do to improve anything about their volunteering experience.

I am studying to be a nurse and could do this opportunity whenever I had free time. It was extremely flexible and the team that I volunteered with were supportive and friendly (and made great tea!).

My expenses were always covered and this allowed me to participate more when I didn't have to worry about bus fares.

Overall the experience was great and was a good opportunity to meet new people and share experiences. It gave me confidence to communicate with strangers.

I will continue to volunteer throughout my studies. I recommend volunteering to people of all ages and of all walks of life.

You won't believe what you can do.

Try something different. Volunteer. There are thousands of opportunities.
You can give as little, or as much, of your time as you want.
